

DPF with display

Data Sheet

DPF with display

DPF with display and built-in anti-collision sensor

The Desk Panel DPF with display is a perfect choice for a wide range of office desks, TV lifts, mobile carts, monitor stands, and workstations with a demand for a panel with height read-out. These desk panels feature a classic design, user-friendly up/down buttons shaped for intuitive operation, and a display showing the height (in cm or inches) and error codes. The display switches off when not in use thereby saving power in standby mode. The DPF is available in black and white. The front cover and the foil can optionally be customised.

The DPF with display is available as

- a compact up/down variant (DPF1D)
- a variant with memory function for storing your favourite positions (DPF1C)
- a variant with memory function and the option to toggle between 4 references (DPF4T)

The DPF1D and the DPF1C are also available in a version with built-in anti-collision sensor which limits material damage to a desk or an object if a collision occurs during driving of the desk. It detects tilting as well as collision with both hard and soft obstacles.

Features/Accessories/Options/Compatibility/Usage

Features

- Display with white LED
- Variants:
 - DPF1D:
 - Up/down drive
 - Up/down drive; built-in anti-collision sensor; integrated 90° mounting bracket
 - DPF1C:
 - Up/down drive; 3 memory positions
 - Up/down drive; 3 memory positions; built-in anti-collision sensor; integrated 90° mounting bracket
 - DPF4T: Up and down drive; control of up to 4 references
- Colour:
 - black (RAL 9005)
 - white (RAL 9016)
- Cable: Black, 1700 mm, straight

Accessories

- 90° or 45° mounting bracket

Options

- Customised foil

Compatibility

- DESKLINE® control boxes
- DL IC systems

Usage

- For indoor use in dry locations

Parameter	Operation	Storage and transportation
Temperature	10 to 40 °C	-10 to +50 °C
Relative humidity	20% to 80% - non-condensing	20% to 80% - non-condensing
Atmospheric pressure	800 to 1060 hPa	700 to 1060 hPa
Altitude	Max. 2000 m	N/A

- Approved in accordance with EN 60335-1 and UL962

Be aware that when the DPF with display is used in DL IC systems, the light intensity must be configured to 50% before use.

All DPF with display and built-in anti-collision sensor are default configured to 50% light intensity.

Ordering

DPF

DPF		
CHANNELS	1	1 = One reference 4 = 4 references (T variant only)
TYPE	C	C = Up and down with display and memory T = Up and down with display, memory, and toggle function D = Up and down with display
OPTION	0	0 = Standard
VERSION	0	0 = Standard 2 = With built-in anti-collision sensor (option for C and D variants)
OPTION	-	- = Standard
MOUNTING BRACKET	0	0 = Standard
FRONT COVER COLOUR *	1	1 = Black (RAL 9005) 2 = White (RAL 9016) - not available for T variant
DISPLAY COLOUR	2	2 = White display
HOUSING COLOUR *	0	0 = Black (RAL 9005) 2 = White (RAL 9016) - not available for T variant
HEIGHT UNIT	0	0 = cm (default 68 cm) 1 = Inch (default 24.5")
CABLE	6	6 = 1700 mm (+/-70mm) straight cable with modular jack
DPF1C00-012006		

* The front cover and the housing are always the same colour.
For sensors with built-in anti-collision sensor, the sensor housing colour is always black

Mounting bracket

The mounting bracket must be ordered separately.
DPF with built-in anti-collisions sensor comes with an integrated 90° mounting bracket.

Mounting brackets (delivered in bags of 100 pieces)

Article number	Description
914759	90° bracket for mounting with no distance to the tabletop
914757	90° bracket for mounting with distance to the tabletop
914760	45° bracket for mounting on a straight tabletop front
914785	45° bracket for mounting on an angled tabletop front
