# HEROGRIP

NATURALLY STRONG

## NEW FROM HEROGRIP

The **ALL NEW** HeroGrip adhesives are designed with your safety in mind, offering non-flammable or non-toxic solutions for industrial applications while providing superior adhesion performance.

With high bonding strength, temperature resistance, low odour, and environmental sustainability, HeroGrip adhesives are ideal for a variety of applications.

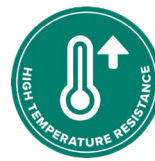

NEW RELEASE

### NeoPower Max | Toluene Free Bio Neoprene Adhesive

A high-performance, toluene-free bio neoprene adhesive that provides strong, durable bonds for various applications while prioritising your safety and environmental sustainability. NeoPower Max can withstand temperatures up to 200°C and complies with indoor air quality standards due to its low VOC levels. Perfect for general purpose laminating, marine carpet, flooring and upholstery applications.

### EnviroMight | Bio-solvent Contact Spray Adhesive

An eco-friendly adhesive made with environmentally sustainable materials, EnviroMight provides reliable and durable bonds for various applications that call for an adhesive with lightning fast tack and immediate grab. Low VOC levels for a safer, healthier working environment, even for indoor applications. Perfect for general purpose laminating, whiteboard, flooring and acoustic applications.

### CleanGuard | Toluene-Free All-Purpose Thinner

A thinner and solvent product designed for use with HeroGrip adhesives like NeoPower Max. It enhances safety by eliminating harmful chemicals and features low VOC levels, ensuring compliance with indoor air quality standards.
