

NEW AND IMPROVED: K-STAR PUMP VACUUM LIFTER OG-215-NH

STRONGER & FASTER HEAVY DUTY PUMP VACUUM LIFTER FROM K-STAR

EXCLUSIVE TO 

We are excited to introduce K-Star's new and improved Pump Vacuum Lifter (OG-215-NH) - a lifter designed to meet the demands of heavy-duty lifting with enhanced efficiency and reliability.

Built to handle the toughest lifting tasks, whether you're lifting glass, metal, or other heavy materials, this vacuum lifter is designed to get the job done safely and efficiently. The redesigned suction pad and improved pumping mechanism ensure that users can achieve optimal lifting capacity with minimal effort.

Why choose the OG-215-NH?

Redesigned Suction Pad: The lifter features a redesigned suction pad with a built-in emergency suction release tab, ensuring safety and ease of use.

Increased Vertical Vacuum Capacity: Rated to lift up to 180kg, the OG-215-NH offers superior and unmatched lifting power for a variety of materials.

Efficient Pumping Mechanism: Achieve the required pressure with only 4-5 pumps, making the lifting process quicker and more efficient.

180KG LOAD RATING

Description	Pad Size	Weight	Code
K-Star Pump Vacuum Lifter OG-215-NH	215mm (8.5")	0.92kg	7106074
