# Unique Frame Variation

## Converting Solution from Single Desk to Bench

### Attachable Bracket

An attachable bracket is a sleeve-like component that links columns together. It is a simple but effective way to swap back and forth from single desk to bench or other types of configurations.

# Unique Frame Variation

## Wall-Mount Solutions

**TEK23**

**TEK17**

### **TEK23 & TEK17**

Customized frame dimensions allow the height adjustable desk to be easily mounted on a wall, freeing up valuable floor space all while providing unique functionality and ambiance to any space.

# Cable Management

## Cable Tray for Single Desk

The cable tray manages the cables for electronic items placed on the work surface (e.g., laptops, monitors, lamps). Different tray types are available for slidable and fixed end pipes.

## Cable Tray for Bench

# Cable Management

## Cable Duct

Options for removable cable ducts can be effortlessly attached to the columns providing an elegant cable management solution to keep your workspace free of clutter and trip hazards.

# Cable Management

## Magmatic Cover Hood

Easily conceal cables and electronics with the magnetic cover hood to furnish a sleek and elegant appearance. The hood can be easily attached and detached from the frame allowing easy access to the concealed cables and electronics.
