

Finista® Cabinet Hinges

Finista® Cabinet Hinges deliver the balance of form and function consumers have come to expect in modern cabinetry. Whether you're working on residential, commercial, or bespoke joinery projects, Finista® offers a complete range of concealed hinge solutions designed for effortless installation, long-lasting durability, and seamless style.

Versatile Options

Choose from 45mm or 52mm hinge drilling patterns to suit a wide variety of cabinet applications and door thicknesses (16–35mm).

Soft-Close, Sprung & Unsprung

Available in soft-close for a premium feel, or sprung/unsprung for tailored functionality.

Wide Opening Angles

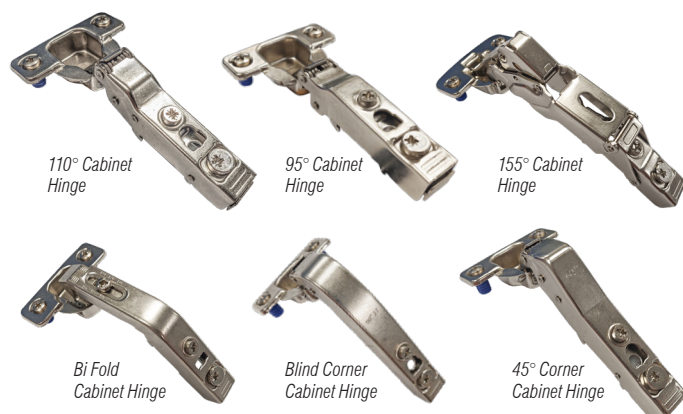

From standard 110° to wide-angle 155°, and specialised options for bifold, blind corner, and 45° corner cabinets.

More Efficiency With Easy Installation

Snap-on mounting plates with cam adjustment make installation and alignment quick and precise.

Durability Guaranteed

Backed by a 20-year replacement warranty* for complete peace of mind.
