MATERIAL HANDLING SOLUTIONS

Abaco Glass/Stone Slab Buggy

Model: SBG800-AU

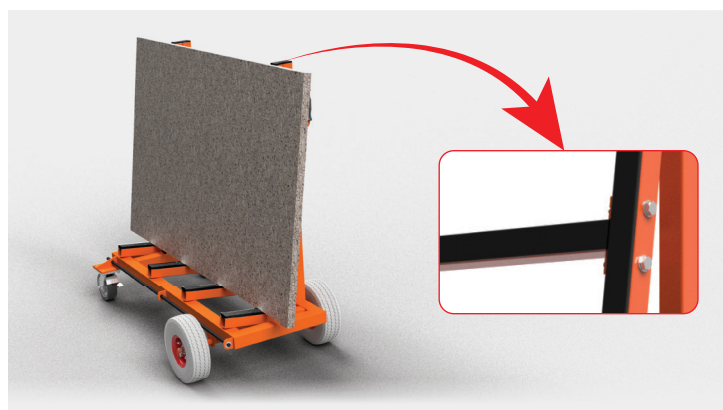

- Designed for maximum stability but compact enough for narrow workplace.

WORK LOAD LIMIT
500KG

* Minimum slab size: 200 mm x 200 mm

Two special tires for transporting on uneven surfaces. Two swivel castors with locking brakes to prevent the buggy from moving.

Has plenty of rubber strips to avoid contact damage and two ratchet straps for steadiness of the load.
