## MEDIUM FLEXIBLE FLAP

### Fitting Instructions

1. Unscrew top 4 screws and 2 side screws of fitted Petway Pet Door.
2. Spread frames apart to release existing flap.
3. Insert flexible flap up into the gap between the frames with the word **PETWAY** facing outside.
4. Check the polarity of the flap magnet is correct. If repelling reverse the flap.
5. Re-screw all screws (Do not over tighten screws).

**WARNING:** Wet Flea Treatment can stain the pet door flap, please ensure it is dry on your pet before using the pet door.
