

EnviroMight

Bio-Solvent Contact Spray Adhesive

Adhesive Excellence Meets Superhero Strength

EnviroMight® is a bio-solvent contact spray adhesive that provides high coverage and rapid bonding. Its bio-based formulation features low VOC emissions ensuring that health is never compromised. This contact adhesive is ideally suited for general laminating, whiteboards, and applications in the foam and upholstery industry.

Unrivalled Superpowers

- ✓ High Coverage
- ✓ Lightning Fast
- ✓ Long Open Time
- ✓ Flash Grab
- ✓ Low VOC
- ✓ Fire Tested to AS 1530.3 as per certification sector
- ✓ 120°C Heat Resistant

Unleash the Might of EnviroMight

(Directions for Use)

1. Working surfaces and adhesive should be between 16°C and 27°C.
2. Surfaces to be bonded should be clean and free from oil, dust and other foreign materials.
3. Apply adhesive to both surfaces to be bonded.
4. Allow adhesive to dry until it is no longer tacky to touch.
5. Bring the materials into position and apply as much pressure as possible to obtain optimum bond strength.
6. Do not spray below 10°C as condensed moisture may form on the adhesive film and prevent bonding.
