STRIPLOX PRO 23

The Striplox Pro 23 connectors have been designed for literally hundreds of uses, from large scale architectural projects through to custom design features. The Striplox Pro 23 is ideal for installing modern timber battens, hanging cabinets, floating shelves, bookcases, artwork, frames, mirrors and feature panels. It achieves the results you want with bespoke furniture with its narrow profile for tidy concealment. You will be amazed with its strength, versatility and varied range of uses.
